Rejuvenator

Application instructions**Method:**

- Wear chemical resistant gloves, safety goggles and protective clothing.
- Shake well before mixing.
 - Mix one part Rejuvenator Wood Cleaner with four parts water.
 - Cover any areas you want to protect.
 - Sweep surface clean.
 - Wet surface with water.
 - Apply product with a garden sprayer, brush or roller.
 - Work into the wood with a nylon brush. Do not use a wire brush.
 - Keep surface wet. Allow the solution to stand for 20-30 minutes.
 - Rinse thoroughly.
 - Allow wood to dry 48 hours before finishing.

NOTE: Do not mix with chlorine bleach or other household cleaning products. To do so can result in release of highly toxic gases. Mix using only plastic containers in a well-ventilated area.

Surfaces may become slippery when wet. Do not walk on treated surfaces during the application process.

Warning

This product is designed for outdoor use. Indoor application may cause odour.
